SUMMARY

B.Tech Computer Science student skilled in Java, data structures and algorithms, object-oriented programming, web development, SQL, and database management systems. Experienced in building responsive frontend projects with React, JavaScript, HTML, CSS, and Tailwind CSS. Strong problem-solving, logical thinking, and teamwork abilities with hackathon participation experience. Seeking software development or frontend engineering internship opportunities.

EDUCATION

Dr. Akhilesh Das Gupta Institute of Professional Studies

New Delhi, India

B.Tech in Computer Science and Engineering; GPA: 7.34/10.00

2024 – 2028

- Relevant Coursework: Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems
- Research Interests: Software Development, Java Development, Full Stack Development, Problem Solving, Frontend Development

PROJECTS

MARS OpsFlow | *HTML, CSS, JavaScript, GitHub Pages*

Live Demo

- Built an internal operations dashboard concept for a cosmetics business workflow focused on task tracking, automation, SOP support, and reporting.
- Implemented workflow queues for inventory, support, marketing, and operations tasks with automation suggestions for spreadsheets, APIs, CRM, and reporting workflows.
- Created SOP search, weekly report summary with copy-to-clipboard support, and AI-style draft generator for vendor, support, and SOP update messages.

Personal Portfolio Website | *HTML, CSS, GitHub Pages*

Live Demo

- Designed and deployed a responsive portfolio website to showcase projects, skills, resume, GitHub, LinkedIn, and contact information.
- Created structured sections for About, Skills, Projects, Experience, Resume, and Contact to improve recruiter navigation.
- Added external links to GitHub, LinkedIn, email, and resume PDF for quick recruiter access.

Learning Management Dashboard | *React, JavaScript, Tailwind CSS, localStorage*

Live Demo

- Developed a responsive learning management dashboard with task management, quiz scoring, course progress tracking, daily study tracking, search/filter functionality, and dark/light mode.
- Implemented persistent user tasks and study progress using browser localStorage for a smoother user experience without a backend dependency.
- Designed reusable UI sections and responsive layouts to support desktop and mobile screens.

TECHNICAL SKILLS

Languages: Java, SQL, JavaScript, HTML, CSS

Frameworks / Libraries: React, Tailwind CSS

Core CS: Data Structures and Algorithms, Object-Oriented Programming, DBMS

Developer Tools: Git, GitHub, GitHub Pages, VS Code, Linux, MySQL

Soft Skills: Problem Solving, Logical Thinking, Teamwork, Communication

ACHIEVEMENTS

Hackathon Participation Certificate

- Participated in hackathon activities, collaborating with peers to solve technical problems under time constraints.

LANGUAGES

Hindi: Native | English: Working Proficiency
